Over 10,000 candidates took the same exam at the same exam venue at the same time

2014
Administered a number of new dance and art examinations

2019
Redeveloped the Computer-based Testing (CBT) system
ABOUT INTERNATIONAL AND PROFESSIONAL EXAMINATIONS

Apart from offering the Hong Kong Diploma of Secondary Education Examination as its statutory duties, the Hong Kong Examinations and Assessment Authority (the Authority) also offers a wide range of examinations through its International and Professional Examinations Division for approximately 120 local and overseas examining bodies (including examination boards, awarding bodies, professional bodies, licensing authorities, government departments, public organisations, schools, colleges and universities) with a total candidature of around 300,000 a year. This information booklet intends to bring about an overview of these examination services.

Though every effort has been made to ensure information in this booklet is accurate up to the time of publication, it is important to note that such information may be updated by the examining bodies concerned from time to time as required. For more updated information, readers are advised to view the website of the Authority at http://www.hkeaa.edu.hk or consult the examining bodies concerned.

OUR SERVICES

The Authority provides examination services to other organisations very often through its International and Professional Examinations Division. Major service areas include:

**Pre-examination Services**
- Setting and moderation of question papers
- Organising examination registration (including online registration)
- Preparation of examination documents, such as entry forms and information sheets to candidates, etc.
- Production of examination stationery, such as answer books and attendance docket sets, etc.
- Secure printing of question papers
- Hiring of examination venues
- Issuing admission forms

**Conduct of Examination**
- Appointment and training of invigilation personnel
- Conduct of examination
- Making arrangements for candidates with special needs
- Handling of examination irregularities

**Post-examination Services**
- Checking and return of examination materials to examination bodies
- Compilation of examination reports
- Shredding and destruction of examination materials as instructed by the examination bodies
- Organising the marking of answer scripts and coursework
- Scanning of multiple-choice answer sheets
- Issuing results documents
- Printing of certificates
- Certification of examination results
CONDUCT EXAMINATIONS

**On Request of Institutions**

The institution or the candidate concerned will be responsible for the expenses incurred for holding the examinations, which in general will cover the service fees to invigilators, delivery and postage of examination materials, rental of examination venues, examination stationery and other administrative costs.

The Authority needs to obtain the approval of the Education Bureau for taking up new examinations.

To allow time for processing request for taking up new examination, interested institutions are recommended to send a written request for conduct of examination to the Authority together with the relevant details (such as the examination regulation, delivery procedures, technical and invigilation requirements, etc.) at least 8 weeks before the examination for evaluation.

If the requested service is considered feasible by the Authority, and the approval of the Education Bureau is obtained, the Authority will provide a service charge quotation together with the connecting terms and conditions of service to the institution or candidate for consideration.

Once the quotation is accepted, the institution should send to the Authority question papers and other necessary examination materials in good time for the examination service to be delivered as agreed.

**On Request of Individual Candidates**

The candidate concerned should
i) supply some basic information to the Authority for initial consideration, including the name of the examining body, the nature and purpose of the examination and the examination date and time; and
ii) ask the examining body to send a written request for conduct of examination to the Authority together with the relevant details (such as the examination regulations, delivery procedures, technical and invigilation requirements, etc.) at least 8 weeks before the examination for evaluation.

Other Examination Support Services

- Provision of professional advice on the development and administration of examinations
- Provision of examination facilities and equipment
- Development of examination related computer application systems
- Statistical analyses of examination results
- Organising promotional activities on behalf of or jointly with the associating examination bodies, such as press conferences, press interviews, awards presentations and seminars, etc.
- Sale of examination publications
- Distribution of publicity materials by post or via counters
- Secure storage of examination materials, such as question papers and worked scripts, etc.

The spectrum of services listed here is for indication of the work of the Authority only and is by no means exhaustive. As examining bodies normally have their own specific requirements, examination services are often customized. The amount of service charge varies according to factors such as size of candidature, range of services covered, facilities and equipment involved and the complexity of the examination procedures. Interested parties are welcome to contact us for further information.

Pearson Edexcel, General Certificate of Secondary Education (GCSE) Examinations

Pearson Edexcel GCSE Chinese GCSE (CHINESE)
GCSE is designed basically for U.K. students. Due to an increasing demand for Chinese as a foreign language examination in Hong Kong, GCSE Chinese was introduced in May 2008. The Authority has no further plan to offer other subjects in GCSE.

Registration
Registration can be made by post or in person.

Recognition and Equivalence of GCSE/ IGCSE/ GC
a) Grade E or above in all HKALE* A-level and AS-level subjects is generally recognized as equivalent to an A-level pass and an AS-level pass respectively in a British International IGCSE.
b) Grade C or above in most HKCEE subjects is generally recognized as the equivalence of an O-level pass in a British International IGCSE.
c) Green below is a rough comparison table between HKCEE 2007 Language subjects (i.e. English Language and Chinese Language) and British IGCSE:
- HKCEE levels: 5* 5 4 3
- IGCSE grades: A* A B C
- The Universities and Colleges Admissions Service (UCAS) in the UK have included the Hong Kong Diploma of Secondary Education (HKDSE) in the UCAS Tariff system and the qualification is recognized as comparable to the British GCE A-level.
d) The Universities and Colleges Admissions Service (UCAS) in the UK have included the Hong Kong Certificate of Education Examination (HKCEE) and the Hong Kong Advanced Level Examination (HKALE) was offered the last time in 2011 and 2013 respectively.
