I. Bad Weather Arrangement

If weather conditions are at all doubtful (such as the possible raising of a Typhoon Signal No. 8 or above or the issue of the Rainstorm Red or Black Warning), candidates should pay attention to the radio or television broadcast, or view the HKEAA website for examination schedules right up to the time they leave for the examination centre. Under normal circumstances, the HKEAA announcement of the postponement/cancellation of an examination will be made approximately two hours before the commencement of the examination. Unless an announcement has been made by the HKEAA that the examination is postponed/cancelled, candidates must assume that the examination will be conducted as originally scheduled. However, candidates should consider their personal safety first. Once an examination has started, it will continue for the full allotted time unless physical conditions in the examination centre are considered dangerous by the examiner. It is important that teachers should inform their candidates and the candidates' parents, etc. of these arrangements in advance.
