

INTRODUCTION

To enhance the understanding of the standards of the HKDSE Examination, authentic samples of candidates' scripts in the 2022 examination have been selected to form this set of exemplars, which serve to illustrate the typical performance standards at different levels.

There are two papers in this subject. This set of exemplars has been selected from candidates' scripts of the written conventional papers. Paper 1 comprises Multiple-choice (MC) questions. As candidates' MC responses cannot illustrate well the performance standards, exemplars have not been selected from Paper 1.

It is advisable to read this set of exemplars together with the question papers and the marking schemes in order to understand the requirements of the questions and the marking criteria. The question papers and the marking schemes will be published in the 2022 HKDSE Question Papers (*with marking schemes and comments on candidates' performance*).
