How can schools plan for SBA Implementation

- Conduct SBA as an integral part of teaching and learning and not treat it as an “add-on”
- Set up school’s own assessment plan, specify the no of assessment activities to be conducted for individual subjects
- Coordinate the conduct of the SBA across subjects so that students’ work will not be concentrated into one or two critical months
- Incorporate SBA as a part of schools’ internal assessment program and replace some of the current assessment activities, e.g. assignments, tests etc
