

PRESS RELEASE

2009 Hong Kong Advanced Level Examination Results Released

The results of the 2009 Hong Kong Advanced Level Examination will be released tomorrow (30 June).

This year, a total of 38,647 candidates entered the examination, representing an increase of 1% on last year. Of the total candidature, 74.9% attempted the examination for the first time and 22.9% entered as private candidates.

Altogether, 17 A-level and 18 AS-level subjects were examined. Of these 35 subjects, 28 were available in either Chinese or English. The percentage of candidates taking subjects in Chinese was 30.6%, up 1% from last year.

This year, 3 candidates obtained six Grade As and 307 candidates were awarded three or more Grade As.

The percentage of A Grades with respect to the total number of subjects sat has remained stable at 2.6% this year. The total number of A's awarded is 4,268.

There is a slight increase in the number of day school students attaining the minimum requirement for admission to tertiary institutions, from 16,853 to 16,988 this year.

This year, the result of AS Chinese Language is comparable to that last year, with 2.4% day school first attempters attaining A and 94.7% getting E or above. Same as last year 0.9% day school first attempters attained A for AS Use of English while the percentage of candidates receiving E or above was 76.4%, representing an increase of 2.1% over last year.

Over 627,000 scripts were scanned in total and about 281,000 scripts of eight HKAL subjects were marked onscreen. About 1,700 markers and 350 marking assistants assisted in the marking of HKAL examinations. All the marking assistants and approximately 45% of the markers marked scripts onscreen. Over 750 oral examiners were also appointed to conduct the speaking examinations.

As part of an effort to provide effective and real-time administrative support to examination centres, a Public Examinations Communication & Support System (PECSS) was introduced. Following the smooth pilot run of PECSS in 2008, 100 centre schools participated in this year's pilot run. Feedback from participating schools has been positive.

.../1

Over the examination period the Public Examinations Information Centre (PEIC) received around 46,000 enquiries, 26% of which were related to the HKALE. In comparison with last year, the number of enquiries relating to HKALE has decreased. To facilitate our communication with candidates, the online reporting system has been enhanced to allow online checking of status by candidates and the issue of timely replies to candidates via e-mail.

This year, four candidates were found cheating during the examination. One candidate was disqualified from the whole examination while the other three were disqualified from the subjects concerned.

Arrangements for the release of results:

School candidates may obtain their results notices from their respective schools while private candidates will be notified by post.

The results of private and evening school candidates will be available at <http://results.hkeaa.edu.hk/hkale> from 8:00 am and registered users for the SMS service will receive their results through mobile phones by 9:30 a.m. on 30 June.

Those who do not receive their results notices on 30 June should contact the HKEAA on 3628 8860 or call in person at the HKEAA office located at 12/F Southorn Centre, 130 Hennessy Road, Wan Chai.
