2015 IES Moderation Results

Hybrid Approach

Task marks (80%) which is subject to:

Statistical Moderation

- Determination of a school's IES performance level with reference to the performance of the school in **public examination (reliability)**

Supplement with sample re-assessment

- Determination of a school's IES performance level by re-marking **a sample of student work** from the school (**validity**)

Process marks (20%) which is not moderated

Some Statistics

- **493** participating schools
- Overall moderated Task mean: **48.7/80 (61%)**
- Raw school mean vs. Final moderated school mean
 - **62.7%** of the schools were within expectation
 - **18.0%** higher than expected
 - **19.3%** lower than expected
- Compared with last year, more schools were in the “within the expected range” (**2014: 59.3%**)
- It is supposed due to that teachers have a better understanding of the marking standards
